Sacramento, CA 95814

SUBJECT: 2012/13 FSTIP AMENDMENT NO. 26, NON-METROPOLITAN AREA

Attention: Muhaned Aljabiry

Dear Ms. Falsetti:

We have completed our review of Amendment Number 26 to the non-metropolitan planning organization (non-MPO) portion of California's 2012/13 Federal Statewide Transportation Improvement Program (FSTIP) that was submitted by your letter to the Federal Highway Administration (FHWA), and Federal Transit Administration (FTA) dated March 25, 2014. As detailed in your letter, this amendment adds five new FSTIP listings for projects in Tuolumne County with funds from the Congestion Mitigation and Air Quality Improvement Program (CMAQ).

Based on our review, we accept this amendment to the 2012/13 FSTIP in accord with the *Final Rule on statewide and metropolitan transportation planning*, that was published in the Federal Register on February 14, 2007. We find that the non-MPO portion of California's FSTIP, including this amendment, was developed through a continuing, cooperative, and comprehensive transportation planning process in accord with the statewide planning provisions of 23 U.S.C. 135 and 49 U.S.C. 5304 as amended by Public Law 112-141, the "*Moving Ahead for Progress in the 21st Century Act*" (MAP-21). We are approving this amendment to the 2012/13 FSTIP in accord with the *July 15, 2004, Memorandum of Understanding between the Federal Highway Administration, California Division, and the Federal Transit Administration, Region IX*.

The changes proposed to the FSTIP by this amendment are associated with highway or transit program projects that are either: exempt from the requirement to determine conformity pursuant to 40 CFR 93.126 or 93.127; or are proposed for implementation in an area of the State of California that are designated as attainment or unclassified for Federal Air Quality Standards; or are associated with projects located in isolated non-attainment areas outside the metropolitan planning areas of the State, and as a consequence, is not subject to the requirements that a regional air quality conformity determination be made prior to FSTIP programming.

If you have questions or need additional information concerning our approval of this amendment, please contact Wade Hobbs of the FHWA California Division office at (916) 498-5027, or by email at Wade.Hobbs@dot.gov.

Sincerely,

For: Vincent P. Mammano
Division Administrator
